## COVID-19 Testing Information

We have not received updated testing information at the time of release.

803 specimens submitted, 46 specimens have tested positive.

Of the 46 positive cases we have found the following:

- 15 of those were travel related and 31 were community acquired
- 11 patients have recovered, 6 are hospitalized, 1 deceased, and we continue to follow-up with 28 individuals.
- These results are from the NC State Laboratory of Public Health and all reporting hospital and commercial labs.
